Doctor of Dental Surgery
Course Specification of
Oral Pathology I
Course No. (-----)

All Rights Reserved, ©. Emirates International University.

Review committee:

Head of the Department

Quality Assurance head

Dean of Faculty

I. Course Identification and General Information:

1	Course Title:	Oral Pathology I			
2	Course Code & Number:	----			
3	Credit Hours:	Credit Hours	Theory Hours		Lab. Hours
			Lecture	Exercise	
		3	2	-	2
4	Study Level/ Semester at which this Course is offered:	3 rd Level / 1 st Semester			
5	Pre –Requisite (if any):	Oral histology, microbiology, oral radiology 1.			
6	Co –Requisite (if any):	None			
7	Program (s) in which the Course is Offered:	Doctor of Dental Surgery			
8	Language of Teaching the Course:	English			
9	Study System:	Semester based System			
10	Mode of Delivery:	Full Time			
11	Location of Teaching the Course:	Faculty of Dentistry			
12	Prepared by:	Dr. Manal Mohammed Al-Hajri			

II. Course Description:

This course will cover broadly oral and maxillofacial lesions on pathological basis that affect soft and hard tissues using lectures and electronic images both clinically and histopathology. In addition to the causes of the various diseases and the microscopic appearance of the developed lesions are emphasized.

III. Course Intended Learning

Referenced PILOs

Outcomes (CILOs) : Upon successful completion of the course, students will be able to:		Learning out of program	
A. Knowledge and Understanding:		I, A or E	
a1	Define different pathological conditions related to oral cavity and adjoining structures.		A2
a2	Describe the etiology and pathogenesis of various oral diseases affecting either hard or/and soft tissues.		A2
a3	Recognize the clinical features, microscopic picture and laboratory findings of common oral lesions.		A4
a4	Identify predisposing factors that require intervention to promote oral health.		A3
(B) Intellectual skills:			
b1	Categorize clinical findings and radiographic features of pathological conditions to a level that allows a differential diagnosis.		B1
b2	Correlate the signs and symptoms of oral diseases with possible etiological factors and histological changes.		B1
C. Professional and Practical Skills:			
c1	Use the light microscope properly.		C2
c2	Demonstrate ability in determining the appropriate investigations required to detect abnormal and pathological oral conditions.		C1
c3	Evaluate the clinical application of oral pathology as it relates to dental hygiene treatment and management of patients		C1
c4	Assess the importance of the procedures for submitting specimens for laboratory diagnosis and ability to interpret diagnostic reports		C1
D. Transferable Skills:			

d1	Display good communication with patients and health professionals		D2	
d2	Refer a patient for specialist advice or treatment		D3	
d3	Associate in-group activities to develop baseline understanding and implementation of teamwork performance strategies		D3	

(A) Alignment of Course Intended Learning Outcomes (Knowledge and Understanding) to Teaching Strategies and Assessment Methods:

Course Intended Learning Outcomes		Teaching Strategies	Assessment Strategies
a1	Define different pathological conditions related to oral cavity and adjoining structures	Lectures Discussion Debate	Quizzes Midterm Exam Final Exam
a2	Describe the etiology and pathogenesis of various oral diseases affecting either hard or/and soft tissues..	Lectures Discussion Debate	Quizzes Midterm Exam Final Exam
a3	Recognize the clinical features, microscopic picture and laboratory findings of common oral lesions..	Lectures Discussion Debate	Quizzes Midterm Exam Final Exam
a4	Identify predisposing factors that require intervention to promote oral health.	Lectures Discussion Debate	Quizzes Midterm Exam Final Exam

(B) Intellectual skills:

b1	Categorize clinical findings and radiographic features of pathological conditions to a level that allows a differential diagnosis.	Lectures exercise Debate	Quizzes Midterm Exam Final Exam Homework
b2	Correlate the signs and symptoms of oral diseases with possible etiological factors and histological changes.	Lectures exercise Debate	Quizzes Midterm Exam Final Exam Homework

(C) Alignment of Course Intended Learning Outcomes (Professional and Practical Skills) to Teaching Strategies and Assessment Methods:

	Course Intended Learning Outcomes	Teaching Strategies	Assessment Strategies
c1	Use the light microscope properly.	Exercise Discussion	Observation Practical Exam
c2	Demonstrate ability in determining the appropriate investigations required to detect abnormal and pathological oral conditions	Exercise Discussion	Observation Practical Exam
c3	Evaluate the clinical application of oral pathology as it relates to dental hygiene treatment and management of patients	Exercise Discussion	Observation Practical Exam
c4	Assess the importance of the procedures for submitting specimens for laboratory diagnosis and ability to interpret diagnostic reports.	Exercise Discussion	Observation Practical Exam

(D) Alignment of Course Intended Learning Outcomes (Transferable Skills) to Teaching Strategies and Assessment Methods:

	Course Intended Learning Outcomes	Teaching Strategies	Assessment Strategies
d1	Display good communication with patients and health professionals	Training Discussion Brainstorming	Homework
d2	Refer a patient for specialist advice or treatment.	Training Discussion Brainstorming	Homework
d3	Associate in-group activities to develop baseline understanding and implementation of teamwork performance strategies.	Training Discussion Brainstorming	Homework

IV. Course Contents:

A. Theoretical Aspect:

No.	Units/Topics List	Sub Topics List	Number of Weeks	Contact Hours	Learning Outcomes (CILOs)
1	Developmental anomalies of oral	<ul style="list-style-type: none"> Definitions Anomalies of lips and palate 	1 st - 2 nd	4	a1, 2, b1

No.	Units/Topics List	Sub Topics List	Number of Weeks	Contact Hours	Learning Outcomes (CILOs)
	and paraoral structures	<ul style="list-style-type: none"> Anomalies of oral mucosa Developmental defects of gingiva Developmental anomalies of jaws Developmental anomalies of tongue Developmental anomalies of face 			
2	Abnormalities of teeth.	<ul style="list-style-type: none"> Disturbance in size of teeth Disturbance in number of teeth Disturbance of eruption Disturbance in shape Disturbance in structure 	3 rd -4 th	4	a1,2,3, b1
3	Dental caries	<ul style="list-style-type: none"> Definition Etiology Pathophysiology Contributing factors Clinical aspects of dental caries Histopathological aspect of dental caries 	5 th -6 th	4	a1,2,3, b1
4	Pulpal	<ul style="list-style-type: none"> Etiology of pulpal diseases Classification of the pulpal diseases 	7 th	2	a1,2,3, b1
5	Midterm exam		8 th	2	a1,2,3, b1
6	periapical Diseases	<ul style="list-style-type: none"> Diseases of the periapical tissues Space infections. 	9 th	2	a1,4, b1, b2
7	Cysts of jaws and oral cavity	<ul style="list-style-type: none"> Definition Classification Pathogenesis Inflammatory Cysts: Odontogenic Developmental Cysts Developmental Non-Odontogenic Cysts 	10 th -12 th	6	a1,4, b1-b2
8	Benign oral Tumors.	<ul style="list-style-type: none"> Definitions Reactive Lesions Benign Neoplasms of the Epithelial Tissue Origin Benign Neoplasms of Connective Tissues 	13 th -15 th	6	a1,4, b1-b2
9	Final exam		16 th	2	a1,4, b1-b2
Number of Weeks /and Units Per Semester			16	32	

B. Case Studies and Practical Aspect:				
No.	Tasks/ Experiments	Week Due	Contact Hours	Learning Outcomes (CILOs)
1	<ul style="list-style-type: none"> - Histopathological examination of cysts - Histopathological examination of benign tumors - Histopathological examination of malignant tumors - Histopathological examination of odontogenic tumors - Histopathological examination of salivary gland diseases and tumors - Histopathological examination of bone pathology 	1 st - 13 th	26	c1,2, 3,4
2	Practical exam	14 th	2	c1,2, 3,4
Number of Weeks /and Units Per Semester		14	28	

V. Teaching Strategies of the Course:
<ul style="list-style-type: none"> • Lectures • Exercise • Debate • Training • Discussion • Brainstorming

VI. Assessment Methods of the Course:
<ul style="list-style-type: none"> • Midterm exam • Final exam • Practical exam • Observation • Homework

VII. Assignments:				
No.	Assignments	Week Due	Mark	Aligned CILOs (symbols)
1	Oral presentation	3 rd - 15 th	10	b1,2, d1,2,3
Total			10	

VIII. Schedule of Assessment Tasks for Students During the Semester:					
No.	Assessment Method	Week Due	Mark	Proportion of Final Assessment	Aligned Course Learning Outcomes
1	Midterm exam	8 th	20	20%	a1,2,3, b1
2	Final exam	16 th	50	50%	a1,2,3,4,5, b1,2
3	Practical exam	14 th	20	20%	c1,2, 3,4
4	Assignment	3 rd - 15 th	10	10%	b1,2, d1,2,3
Total			100	100%	

IX. Learning Resources:	
1- Required Textbook(s) (maximum two):	
Purkait, Swapan Kumar, 2011, Essentials of Oral Pathology. 3rd ed. Replika: Jaypee Brothers Medical Publishers	
2- Essential References:	
Regezi J. A., Sciubba J. J., Jordan R. C.K., 2012, Oral pathology : clinical pathologic correlations. 6th ed. Saunders, Elsevier,	
3- Electronic Materials and Web Sites etc.:	
• www.pubmed.com	

X. Course Policies: (Based on the Uniform Students' By law (2007)	
1	Class Attendance: Class Attendance is mandatory. A student is considered absent and shall be banned from taking the final exam if his/her absence exceeds 25% of total classes.

2	Tardiness: A student will be considered late if he/she is not in class after 10 minutes of the start time of class.
3	Exam Attendance/Punctuality: No student shall be allowed to the exam hall after 30 minutes of the start time, and shall not leave the hall before half of the exam time has passed.
4	Assignments & Projects: Assignments and projects must be submitted on time. Students who delay their assignments or projects shall lose the mark allocated for the same.
5	Cheating: Cheating is an act of fraud that results in the cancelation of the student's exam or assignment. If it takes place in a final exam, the penalties stipulated for in the Uniform Students' Bylaw (2007) shall apply.
6	Forgery and Impersonation: Forgery/Impersonation is an act of fraud that results in the cancelation of the student's exam, assignment or project. If it takes place in a final exam, the penalties stipulated for in the Uniform Students' Bylaw (2007) shall apply.
7	Other policies: The University official regulations in force will be strictly observed and students shall comply with all rules and regulations of the examination set by the Department, Faculty and University Administration.
